

3. Table Decorations

Before your party why not make your very own table decorations to give your party a real Easter feel.

Easter Tree

Why not make your very Easter Tree to add to table.

Paint a plant pot, larger enough to secure the branch in.

Take a small branch from the garden and paint or spray the branch in a bright colour.

Once the branch is dry secure it in the plant pot, with glue or plaster of paris.

Once the branch is secure and cannot be moved, you are now ready to decorate your Easter Tree.

Decorate using glitter, Easter stickers, Easter foam shapes. Cut out the eggs using the egg templates provided and decorate as you wish.

Don't forget to decorate the plant pot.

You can also add small chocolate eggs to your Easter Tree.

Easter Confetti

Make your own Easter confetti to decorate your table. Using the egg and bunny rabbit templates provided print out on coloured paper. Cut the shapes out and scatter on your Easter table.
